Battery Recycling Policy 2026

Following several recent fires at recycling facilities up and down the country, we must remind you of the importance of removing batteries of any kind from your WEEE materials.

ALL batteries are extremely flammable and can cause a fire. For example, Lithium-Ion batteries can spontaneously combust when in contact with rainwater. Lithium-Ion batteries can be found in laptops, mobile phones, tablets, shavers, electric toothbrushes, power tools, vapes/e-cigarettes, and a plethora of other electronic devices.

If you haven't already done so, then we implore you to urgently introduce a policy to discard and recycle all batteries responsibly and separately from any other scrap WEEE grades by using a battery recycling centre. There are several ABTO's around the UK that should be able to process your battery waste safely.

Ego Technology (Processing Ltd) will no longer accept any types of batteries that fall within the following types:

- | | |
|---|--|
| ☐ LITHIUM | ☐ DAMAGED OR WET BATTERIES OF ANY TYPE |
| ☐ ALKALINE | ☐ CAR BATTERIES INC LITHIUM, LEAD, LITH |
| ☐ NI-CAD | ☐ LI-POLYMER |
| ☐ NI-MH | ☐ VAPES/POWER BANKS |
| ☐ POWER TOOL BATTERIES OF ANY TYPE | |

Please remember it is YOUR responsibility to ensure that ALL batteries are removed from your waste streams before the materials are shipped to Ego Technology (Processing) Ltd.

We still offer a service for lead acid batteries (rebates paid), laptop batteries (chargeable at £300 per tonne) and UPS systems (rebates paid), however these must be separated from any other WEEE items and should be stored in accordance with Environmental Agency guidelines.

Any batteries of any type found in your WEEE, whether delivered to us or collected by us, will be returned to you and will be charged at a cost to you.

Fires have devastated the recycling industry up and down the country, causing considerable harm to the environment. We hope that you will join us in trying to combat the problem.

If you require any further assistance with the element of this policy, then please do not hesitate to contact us.

Regards

A handwritten signature in black ink, appearing to read 'Vicky Machen'.

EgoTechnology(Processing) Limited

Unit 5, Bulmer & Lumb
Royds Hall Lane
Buttershaw
Bradford
West Yorkshire
BD6 2NE

Date: 19 March 2026

Dear Vicky Machen,

The Waste Electrical and Electronic Equipment Regulations 2013 (as amended)
Notification of grant of approval of an authorised treatment facility

We have considered your application for approval as an authorised treatment facility (AATF) under the Waste Electrical and Electronic Equipment Regulations 2013 (as amended) and hereby grant approval to **Ego Technology (Processing) Limited** to operate as an AATF at the following site only:

Site nameand address	Approvalnumber
EgoTechnology(Processing) Limited Unit 5, Bulmer & Lumb Royds Hall Lane Buttershaw Bradford West Yorkshire BD6 2NE	WEE/JP0002ZS/ATF

Your approval is subject to the conditions of approval specified in Part 2 of Schedule 11 to the Regulations at the approved site listed above. A copy of these conditions is attached.

Your approval is valid from 01 January 2026 and ends on 31 December 2026, unless it is otherwise suspended or cancelled. The approval applies only to the named operator for the specified approved site. You must notify us immediately, in writing, of any changes to the details submitted with your application.

This approval applies only to the legal entity named in this letter. If this changes then your approval will be deemed to be cancelled and you must make a new application for approval. If you cease to be an authorised treatment facility your approval will also be deemed to be cancelled.

The approval allows you to issue evidence notes for waste electrical and electronic equipment (WEEE) which you received at this site and which is subsequently re-used, treated, recovered or recycled.

This approval does not replace any other environmental authorisation(s) that you may have for the site. You must continue to comply with these and other relevant legislation. This includes complying with the legal requirements for persistent organic pollutants and hazardous waste. More information on this can be found by contacting our Chemicals Compliance team at POPsandWEEE@environment-agency.gov.uk.

AATFs wishing to be approved for the next compliance period (01 January – 31 December 2026) and to have their approval run continuously, should apply to the Environment Agency using the relevant application forms before 30 September 2025.

If you have any specific queries about your approval or general queries regarding the WEEE Regulations, please contact 03708 506 506 and ask to speak to a member of the WEEE Regime Team

Yours sincerely

**Hannah Whitcombe
Senior Technical Officer
WEEE Regime
Environment Agency**

Our ref: WEE/NK0007ZT/EXP

EgoTechnology(Processing) Limited

Unit 5, Bulmer and Lumb
Royds Hall Lane
Bradford
West Yorkshire
BD62NE

Date: 19 March 2026

Dear Vicky Machen,

The Waste Electrical and Electronic Equipment Regulations 2013 (as amended) Notification of grant of approval of an exporter

We have considered your application for approval as an exporter (AE) under the Waste Electrical and Electronic Equipment Regulations 2013 (as amended) and hereby grant approval to **Ego Technology (Processing) Limited** to operate as an AE. Your approval number is **WEE/NK0007ZT/EXP** and covers the specified overseas site listed in the attached annex.

Your approval is subject to the conditions of approval specified in Part 3 of Schedule 11 to the Regulations. A copy of these conditions is attached.

Your approval is valid from 01 January 2026 and ends on 31 December 2026, unless it is otherwise suspended or cancelled. The approval applies only to the named exporter for the specified overseas site.

This approval applies only to the legal entity named in this letter. If this changes then your approval will be deemed to be cancelled and you must make a new application for approval. If you cease to be an exporter your approval will also be deemed to be cancelled.

You must notify us immediately, in writing, of any changes to the details submitted with your application. If you wish to export to any additional overseas sites you must submit an application to extend your approval to cover these sites, including a fee of £161 for each site.

The approval allows you to issue evidence notes for waste electrical and electronic equipment (WEEE) which you export to this specified overseas site and which is subsequently re-used. You must not issue evidence for WEEE that has already been partially treated. You must not issue evidence for WEEE unless it can be lawfully sent to and received at the intended site in the country of destination.

If you issue evidence notes for greater than 400 tonnes of WEEE you must inform us immediately. You will be liable to pay the balance of the charge, namely £3,118, within 28 days of issuing the evidence note which exceeded the 400 tonnes of WEEE. Failure to pay the upgrade fee within the 28 days may result in your approval being suspended.

This approval does not replace any other environmental authorisation(s) that you may have for the site. You must continue to comply with these and other relevant legislation. This includes complying with the Waste Shipments Regulations and the legal requirements for persistent organic pollutants and hazardous waste.

More information on compliance with the Waste Shipments Regulations can be found on our website at <https://www.gov.uk/importing-and-exporting-waste> or by contacting our International Waste Shipments team at askshipments@environment-agency.gov.uk. More information on compliance with the legal requirements for persistent organic pollutants and hazardous waste can be found by contacting our Chemicals Compliance team at POPsandWEEE@environment-agency.gov.uk.

AEs wishing to be approved for the next compliance period (01 January – 31 December 2027)

and

to have their approval run continuously, should apply to the Environment Agency using the relevant application forms before 30 September 2026.

If you have any specific queries about your approval or general queries regarding the WEEE Regulations, please contact 02084 747 610 and ask to speak to a member of the WEEE Regime team.

Yours sincerely

Hannah Whitcombe
Senior Technical Officer

Environment Agency

PRE-CONSENT CERTIFICATE
Article 14(1) of retained Regulation 1013/2006

1. The Environment Agency, in its capacity as the competent authority of destination for England, hereby certifies that

Ego Technology (Processing) Limited
Companies House number 08552015

has been issued with a pre-consent under Article 14(1) of retained Regulation 1013/2006. This pre-consent is limited to the recovery of the waste using the technologies specified in the Schedule to this Certificate.

2. This pre-consent applies only to the recovery facility located at

Royds Hall Lane, Buttershaw, Bradford, BD6 2NE

and is not transferable to any other facilities operated by the same company.

3. This pre-consent shall be valid from 14/09/2026 and shall expire on 13/09/2036.

A handwritten signature in blue ink, appearing to read "Steph Cotton".

Steph Cotton
Senior Technical Officer
International Waste Shipments
14th September 2026
NOTES ABOUT THIS PRE-CONSENT

1. The pre-consent is issued on the understanding that the Company named in the Pre-consent Certificate ("the Certificate") is authorised to process waste at the stated facility and has an appropriate environmental permit ("the Permit") which is issued under appropriate legislation. Nothing in this document may be construed as varying the Permit and if there is any ambiguity between this document and the Permit, the Permit must take precedence.
2. The pre-consent may be revoked by the Environment Agency at any time. All revocations will be confirmed in writing by issue of a Notice.
3. All international shipments of waste to the facility stated in the Certificate must comply with the procedures for prior notification and consent and may benefit from derogations laid down in Article 14(2) and 14(4).
