

Recovering **more than** technology.

Specialist WEEE processing
and material recovery.

**Built on
experience.
Ready
to scale.**

**Specialist processing capability
backed by more than 30 years
of industry experience.**

EGO Technology provides a high-capacity route for WEEE, redundant technology and recoverable material streams from businesses across the UK.

From whole WEEE and IT equipment to PCBs, components, cables and specialist material streams, we combine processing capability with the commercial value, traceability and compliance our partners need.
